

Top 5 Reasons Why You Should Take the ITP Income Tax Course

ITP The Income Tax Professionals short Tax Course is currently open and taking enrolments. Working as a Tax Consultant is a great way to help people lodge their tax returns come tax time, but there are a number of other reasons for undertaking the tax course.

Maybe you want to learn more about tax, maybe you're starting a new business and want an edge on your finances, or maybe you've got a niggling feeling about changing your career. Doing a tax course could be a step in the right direction, so what are some of the reasons you might want to take the ITP tax course?

You're Looking For A Career As A Tax Consultant

This is the most obvious reason. The ITP Income Tax Course is designed for people who love numbers, accountancy and helping people and businesses with their finances.

The basic course is designed for people with limited or no knowledge of tax return preparation. It will begin with the basics from the different types of taxable income and tax deductible expenses through to lodging tax returns for businesses. At the end of

this course you should be able to confidently prepare tax returns for individuals and some small businesses.

You Want To Learn About Finances

Business and taxes go hand in hand. If you know how taxes work, you're more likely to understand how to run a profitable business – where the money comes from, where it is spent and how to complete your books properly so that you're not caught short.

Starting with the basics, the ITP Income Tax Course covers motor vehicle expenses, tax calculations, deductions and offsets, Pay-As-You-Go (PAYG) Instalments, Business Activity Statements (BAS) and understanding how Goods and Services Tax (GST) is calculated and what it applies to. If you can keep on top of your accounts, you'll know how to maximise your tax claims and make a business run smoothly.

The ITP Tax Course is run under the guidance of working tax professionals. They have the practical knowledge to help you with any questions and concerns you have, based on industry experience.
